

28th and 29th September 2022 • Aachen, Germany

CALL FOR PAPERS

SAVE THE DATE

Scientific conference • Trade fair • Social event

Scientific conference

Scientific presentations and posters covering all aspects of refractory research (raw materials, processing, refractory materials, applications, recycling) are invited for the conference at ICR 2022. Please register your interest by submitting an abstract by **31st May 2022**. Presentations and posters will be accompanied by a publication in conference proceedings, the deadline for which will be **10th August 2022**.

Trade fair

Companies and institutes are invited to be part of the trade fair at ICR 2022. Please register by **15th June 2022** at info@ic-refractories.eu. Please also contact us for sponsoring and PR opportunities.

Supporting programme

Keynote speakers and invited talks on the future transformation of the process industry • Social event on the evening of 28th September 2022 • Presentation of the Gustav Eirich Award, supported by Maschinenfabrik Gustav Eirich • Poster session with award and „poster slam“, supported by Steuler-KCH and Göller Verlag • Meeting rooms and hospitality suites.

Gustav Eirich Award

The Gustav Eirich Award is being presented annually at ICR for dissertations (Ph.D. theses) in the field of refractories that have been completed no longer than two years ago. You can submit your application until **30th June 2022**. Please visit www.eirich-award.eu for more information.
